### What I Know About Hardware and Railway Commissions.

I have not been able to observe any practical benefit to the public from either state or interstate commission. The railroads have carefully obeyed every ruling which has been to their benefit, but the rulings for the benefit of the public have been, to a large extent, ignored. Railroad building has been checked. Railroad bonds and stocks have declined and foreign investors scared. I believe in a commission composed of two railway experts and one railway attorney whose duties should be to ferret out abuses, gather facts and statistics on which to base legislation. I am opposed to autocratic powers. Laws should be passed by the government and executed by the courts only. All persons and all property, corporate and private, should be equal before the law; and no one should be denied a hearing in the courts. Do not forget that I am headquarters in refrigerators, water coolers, garden hose, lawn mowers, screen doors and windows, lawn mowers, lawn fencing, wire cloth, poultry netting, ice tools and garden tools.

### INDIANA MURDER.

### A Farmer Murdered For His Money Last Night.

By the Associated Press to The News:

SEYMOUR, Ind., April 29.—Charles W. Doerr, a prosperous farmer in this county, while on his way home from Brownston last night was murdered by unknown parties while passing a school house in a lonely locality. His head was crushed by a hickory club four feet long and his pockets rifled. His body was found by one of his employees this morning. Doerr was peaceful, sober and married, aged 66 years and always carried money. The motive of the crime was robbery. There is no clue to the murderer. A searching party is searching the country and if the guilty ones are caught there may be quick work. Governor Chase this forenoon received a telegram from the sheriff of Jackson county and endorsed by the postmaster at Brownstown asking him to order bloodhounds at Jeffersonville prison sent to Brownstown to be used in tracking the murderers of Doerr. The governor at once telegraphed Warden Patton of the prison to send the bloodhounds by first train.

### District Court.

Isaac Claiborne was convicted this morning in the district court of the theft of over \$20 and given two years in the penitentiary.

Five cases against J. W. Freeman for knowingly passing forged instruments and for forgery were dismissed.

The case of J. U. Torris, of removing mortgaged property out of the state, was dismissed.

### He Loses His Hand.

Ever since unfortunate Dave Heyward was so badly burned the physicians have hoped to save his hand until today. Last night the hand and arm began to grow worse, and it became evident that to save his life the right arm would have to be amputated at or below the elbow. This was done at 4 o'clock this evening.

The Male Quartette will sing the campaign song "Turn Texas Loose" tonight at the Clark club meeting.

Ben Garland desires to inform his friends that he will be pleased to see them at the new carriage house.

For a disordered liver try BEECHAM'S PILLS.

Don't forget the Clark club tonight.
